EXPERIENCE

Acumino, Athens — Front-End Developer (Intern)

JANUARY 2025 – PRESENT

- Reconstructed and transitioned the internal GUI interface from **NiceGUI (Python-based)** to a modern **React + Vite + Tailwind CSS** stack to enable easier scalability and maintenance.
- Improved developer experience and performance through modular, reusable component architecture.
- Worked closely with designers and team leads to align UI development with internal workflow requirements.

Acumino, Athens — Event Organizer (Humanoid Olympiad)

JANUARY 2025 – PRESENT

- Member of Acumino's organizing team for the **First International Humanoid Olympiad**, co-hosted by **Acumino** and **Endeavor Greece**.

EDUCATION

Athens University of Economics and Business (AUEB), Athens — BSc in Informatics Graduated

- Studied programming, information systems, and technology.

PROJECTS

Humanoid Olympiad Internal Interface — Web Development

- Built a scalable and efficient internal interface for event management using React, Vite, and Tailwind CSS.

Portfolio Website — Personal Project

- Created a personal portfolio to showcase design and development work using the same React, Vite, Tailwind CSS, and ShadCN UI architecture.
