EXPERIENCE

Acumino, Athens — Junior Front-End Developer (Intern)

Apr 2025 – Present

- Reconstructed and transitioned the internal GUI interface from **NiceGUI (Python-based)** to a modern **React + Vite + Tailwind CSS** stack to enable easier scalability and maintenance.
- Improved developer experience and performance through modular, reusable component architecture.
- Worked closely with designers and team leads to align UI development with internal workflow requirements.

Acumino, Athens — Event Coordinator – Humanoid Olympiad

Apr 2025 – Present

- Member of Acumino's organizing team for the **First International Humanoid Olympiad**, co-hosted by **Acumino** and **Endeavor Greece**.

EDUCATION

Athens University of Economics and Business (AUEB), Athens — BSc in Informatics (Graduated)

- Coursework included programming, databases, networks, and applied informatics, with emphasis on both theoretical foundations and industry applications.

PROJECTS

Resume Website (Personal Project)

- Developed and deployed a personal portfolio website www.despoinaliarokapi.com to showcase design and development work.
- Built with **React, Vite, TypeScript, Tailwind CSS, and ShadCN UI**, following a modular and scalable architecture.
